## ACEIT 7.4b Released!

We are pleased to announce the release of ACEIT 7.4b which includes **JACS for Primavera P6**. JACS P6 provides our robust analytics capability and integrated cost and schedule uncertainty to organizations using Primavera P6.

The program can connect directly to either your enterprise or professional database, or it can run stand-alone XER files – providing capability to save the JACS inputs into the native file and database formats. In addition, minor fixes were made to ACE, CO\$TAT, POST, and JACS.
