Tips on Using ACE Hotkeys

Have you ever watched a coworker navigate through ACE and wondered “What keys did they just press?”

Here are a few hot keys that you might find useful!

1. ACE has a **fill down** feature. To fill down in ACE, simply highlight the cells to fill beginning with the value that you want to copy down, then click **Ctrl-D** to copy the value from the first row to all the rows in the highlighted section.

2. ACE has an extensive list of hot keys that are shortcuts to popular options. Some common Hot Keys include:

- **F9** – Calculate
- **Ctrl+Shift+F9** – Calculate with RI\$K
- **F8** – Methodology Workscreen
- **Alt+F8** – Yearly Phasing Workscreen
- **F2** – Moves cursor to Formula Bar (useful for editing equations to activate AutoComplete)
- **F3** – Methodology Description
- **F5** – Open Traceback Navigator

ACE 7.4b-001 Hotfix released

A hotfix is available for ACE. **You must have ACEIT 7.4b installed before installing the hotfix.**

Fixes were made to the **ACE-to-ACE plugin** related to out of memory errors and refreshing risk results. **ACE** fixes include correcting: the percentile of the PE total (shown in parenthesis) for TY/SY results in the Inputs/Results Viewer, and crash when closing workscreens on certain operating systems.

Go to the ACEIT.com [Software Patches](#) page for a link to the complete list of fixes and to download the hotfix.
