ACEIT 8.0 New Release Date

We are very pleased to announce the ACEIT 8.0 release is scheduled for Summer 2019. This is a revised schedule to allow more time to provide a smooth transition from 7.5 to 8.0. Our new offering is built on a new software platform allowing us to provide faster results, improved model creation, new input visualizations and expanded charts and reporting. As we finalize the new release you can continue to use ACEIT 7.5, existing sessions will easily transition to the new software. Look to future newsletters for more information on testing opportunities, previews and release details.

Additionally, to be able to take advantage of this newly redesigned version, new ACEIT training classes will be released to coincide with the software release. Look for our new ACEIT training classes; ACEIT for Model Builders, ACEIT for Reviewers, ACEIT for CER Developers, ACEIT for Schedulers and more...

September can only mean one thing...Back to School!

When you're getting your kids off to a new school year why don't you take this opportunity to go 'Back to School' and take the ACEIT training that you keep putting off?

Below are the various ACEIT training options available to you:

Open Training - classroom training offered from the basics of ACEIT in our ACEIT 101 course to the more advanced features in our ACEIT 201 course. Specialized training is also available, take a look at the JACS and CER Developers courses. For more info on open training, [click here](#).

On-Site Training - classroom training where we come to you. Pick from any of our numerous course offerings and we will come to you and train your staff at your office. To request a quote for on-site training, [click here](#).

One-on-One Mechanics Training - one-on-one training to help you solve your implementation issues. Offering onsite or remote training to assist you with your real world estimating issues. We can provide hands-on training to first-time users or assist with more advanced concepts. For more info on mechanics training, [click here](#).

Give us a call, (805) 964-6963 x2571 and let us help you determine the class that is right for you.

Meet the ACEIT Team **Jill Cleaver, New ACEIT Training Coordinator**

I was born and raised on the Central Coast in California. In fact, the Tecolote office I work in today is right across the street from the hospital where I was born. Though I may not have moved around much, I feel fortunate to be where I am right now with a company I love. I have been with Tecolote since August of 2000. I started out

as a receptionist for our Santa Barbara office and quickly moved into Accounts Payable and Business Administration, including helping with ACEIT way back when. After eleven years I took a position at our corporate office in the Accounting Department. Fast forward to 2018 and the opportunity to come back to the office I originally started my career in and work with my original supervisor presented itself when the ACEIT operation moved from Texas back here to Santa Barbara, CA.

Jill Cleaver, ACEIT Training Coordinator

As the new ACEIT Training Coordinator I am overjoyed to be able to work with our customers and take on a new and exciting challenge. I am loving everything about it, especially being able to talk to new students about our training classes and help them achieve their goals and get the most out of ACEIT. Tecolote has been a great place for me and even after almost 18 years here I am in a challenging, new position that I enjoy. I look forward to years of working with you to provide the very best service I can.

In my time away from work, I am a big advocate of animal rescue. I've had a genuine, unwavering love of animals for as long as I can remember. I am the crazy person you see in the middle of the street in heels and a dress trying to get a dog off the street that may be in harm's way. I currently have 2 rescue dogs and 2 rescue cats and always want more. I will never stop trying to be their voice and helping them in any way that I can. I also love custom cars. My husband and I attend a lot of car shows and also car and motorcycle races. I love anything to do with cars and putting a custom touch on them.

Please feel free to contact me (805) 964-6963 x2571 or e-mail jcleaver@tecolote.com any time whether it be for ACEIT training, ACEIT related questions, or just to say hello so that I can meet as many of you as possible. I'm here to assist you!
